🔗 LeetCode

PROFESSIONAL SUMMARY

- Full Stack and Data Science Engineer combining expertise in MERN stack development and analytics-driven systems design.
- Architected web applications serving 1K+ users with secure authentication, RESTful APIs, and real-time execution.
- Experienced in transforming complex data into actionable insights through optimized backend pipelines and intuitive dashboards.

PROJECTS

• MLRIT CodeHub – Full Stack Coding Platform

Dec 2024 – Present

- Engineered a competitive coding ecosystem with React, Node.js, Express, and MongoDB.
- Refined API endpoints and frontend rendering, achieving 40% faster load times and improved responsiveness.
- Built an admin dashboard visualizing participation, accuracy, and success rates using Chart.js.

• Celebrity Recognizer – Machine Learning Application

Aug 2024 – Sep 2024

- Created a Flask + OpenCV recognition system delivering 92% accuracy on 500+ test images.
- Enhanced preprocessing using wavelet transforms, reducing inference latency by 25%.
- Deployed SVM classifier with tuned hyperparameters for robust, real-time predictions.

TECHNICAL SKILLS

- Languages:** Python, Java, C, SQL
- Frameworks & Libraries:** React, Node.js, Express, Flask, Pandas
- Databases:** MongoDB, MySQL
- Tools & Platforms:** Docker, Git, Jupyter, Postman, VS Code, AWS, CI/CD
- Core Expertise:** Full Stack Development, Machine Learning, REST API Design, Data Analysis, Cloud Deployment

LEADERSHIP & COLLABORATION

- Spearheaded a 3-member frontend team delivering 20+ reusable UI components under Agile sprints.
- Mentored junior developers on React and API integration, improving onboarding efficiency by 30%.

CERTIFICATIONS & ACHIEVEMENTS

- Top 24% Global Rank on LeetCode (2024): Solved 160+ algorithmic challenges emphasizing optimization.
- Smart Coder – Smart Interviews (Mar 2025): Completed 100+ advanced DSA problems and mock interviews.
- Joy of Computing using Python – NPTEL (Nov 2024): Applied Python in automation, visualization, and data handling.
- ServiceNow CSA (May 2025): Automated ITSM workflows, improving operational efficiency by 30%.

EDUCATION

- B.Tech in Data Science**, MLR Institute of Technology (2022 – Present)

CGPA: 9.42
